TO WELCOME

Graduate Students in Chemistry

from

Kyushu University, Japan

hosted by

Studies in American Language

and the

SJSU Chemistry Club

Please join us in welcoming Kyushu University graduate students who are visiting San Jose for three weeks for cultural exchange, university and research company visits, and to practice their English.

On Wednesday at lunch time we'll have time to chat and hear about each other's research and projects. Several students and faculty advisors will give short presentations. Pizza and beverages will be provided.
