

The 4th CMS International Symposium

~Functional Molecular and Interface Systems~

March 22 (Tue), 2016

Seminar Room #1, CE41, Ito Campus, Kyushu University

13:50 Registration Open

14:20 Opening remarks

14:30 Prof. Masatoshi Ishida

(Kyushu University)

Bis-Metal Complexes of Doubly N-Confused Hexaphyrins: Low-Band Gap and Open-shell Molecules

15:00 Prof. Junqi Sun

(Jilin University)

Layer-by-Layer Assembly: From Dynamic Assembly to Dynamic Functions

15:40 Break

15:50 Prof. Pengfei Duan

(National Center for Nanoscience and Technology of China)

Chiroptical Information Harvesting in Self-Assembly Enhanced FRET System

16:20 Prof. Christian J. Doonan

(The University of Adelaide)

MOFs at the bio interface

17:00 Closing remarks
